

Need a versatile pump to transfer DEF and more?

Our lift-action, multi-fluid pump makes it easy.

Pump benefits:

- DEF (diesel exhaust fluid) compatible
- Transfers popular shop fluids including Acetone, Antifreeze, Windshield washer, Thinners, and much more
- Outlet can be positioned in any direction. 360°
- Includes NPT and Buttress threads for steel and plastic drums
- Welded ground-post for safe dispensing of volatile fluids
- Meets CA Proposition 65 and EU REACH standards

The Lincoln model 1390 is the first in our line of manual barrel pumps to help our customers meet diesel emission regulations. It transfers DEF and many other fluids from larger fluid drums to convenient containers or directly into equipment and vehicle reservoirs.

This self-priming pump is ready to use right out of the package. Users simply place the pump in a barrel or drum using the attached bung adapter. Lift the lever, and fluid is dispensed.

The lift-action, multi-fluid pump is the right choice for many automotive, trucking, agriculture and construction applications.

Model 1390 features:

- Premium-grade 316 stainless steel
- Easy fluid control; no splashing
- Adjustable bung type fits 15-, 16-, 30- and 55-gallon drums
- Self-priming
